152/19 Shropshire Council Member's and Officer's Reports

Alun Morgan and Andy Wilde introduced themselves and their roles of Interim Highways Manager and Highways Operations Manager respectively.

They explained that since Mr Morgan had been in the post, 6 months, they had introduced 3 priorities: embedding of the new staffing structure, implementing a centralised team to manage maintenance (potholes, drainage issues) on a planned basis rather than re-active and the early intervention to manage assets (eg surface dressing).

Mr Morgan apologised that over the last 18 months certain services had been poorly delivered. He had had robust conversations with the main contractors, Kier, and he was confident that this together with the new management structures would produce improvements.

Councillors questioned Mr Morgan and Mr Wilde on local issues and Highways staffing.

The Chair thanked Mr Morgan and Mr Wilde their open and informative update.
